ФОНТ за компјутерску (једнозначну) транслитерацију

Транслитерација ће бити погрешна за бројеве али је тачна за сваку поједину цифру.
(у старословенском су бројеви од 11 до 19 писани као 1 па 10, 2 па 10 ... 9 па 10)

Font for computerized one-to-one transliteration

Transliteration will be wrong for numbers but exact for each figure.
(In OCS numbers from 11 to 19 are written as 1 then 10, 2 then 10 ... 9 then 10)
